MY INTENTIONAL FINANCIAL EDUCATION GAME PLAN

1. SET TIMEFRAME
   - Number of days?
   - Length of daily lesson?
   - Time between lessons?
   - What is my timeframe?

2. AUDIT AUDIENCE
   - What do they know, and what are they able to do?
   - What should they know and be able to do at this stage?
   - What is going on in their lives?
   - What is relevant to my students?

3. BE RELEVANT
   - What would be key concepts that my students will act on now or in the near future?
   - What can I logically teach in the time available?
   - How can the intervention be choreographed to optimize the learning experience and delay decay of knowledge and skill?
   - What topics and lessons will I teach?
